

Dear Parents,

We would like to ensure that you are consistently kept informed about your child's learning and progress during sessions. To support this, we use Skoolr, a secure classroom communication app and website designed to support communication between parents and teachers.

Skoolr allows us to share real-time updates on your child's learning, alongside photos and videos taken during sessions. Once your child is registered with us, you will be able to follow your child's learning journey and development, as well as communicate directly with all teachers involved in your child's learning through the platform.

Skoolr is a free and secure platform, with access limited to parents or carers linked to your child's account.

In addition, we use ClassDojo as a reward system within sessions. Children earn points for positive behaviour such as completing work, listening carefully, and completing homework. Once a child reaches 20 points, they are awarded a Certificate of Achievement and a prize. Please note that parents are unable to view ClassDojo points, and no photos or videos are uploaded to the platform.

If you would like your child to participate, please complete the consent form below and return it via email to **kadene@croydonschoolreadiness.co.uk**, or hand it directly to either Chanelle or myself.

Thank you for your continued support and cooperation.

Yours faithfully,

Kadene Robinson
Proprietor
Croydon School Readiness Programme
